Degree Planner Instructions: As you complete your degree, record the grades for each course in the appropriate sections below, noting that some sections may have additional instructions on how to record grades for courses that satisfy more than one requirement. Complete the course 'Type' column using the following codes: **EN** – course completed at WCU; **TR** - course completed at an institution other than WCU; **EX** – course completed by an exam such as CLEP; or **IP** – course in which the student is currently enrolled.

Welding Fabrication Technology, AAS

The Welding Fabrication Technology Associate of Applied Science consists of two certificates that are in high demand locally and throughout the state; Welding Fabrication, and Pipe Welding. Students will be able to pursue either specialization as a Level 1 certificate or combine the two certifications as part of a Welding Fabrication AAS. The program prepares students for employment as production welder, fabrication welder, fabricator, maintenance welder, solderer, and pipe welder mainly in the manufacturing sector. The welding fabrication technology courses are competency based and teach the appropriate skills, knowledge, and perspectives needed to succeed within the welding fabrication field.

First Semester

Course Name	Credits	Substitute	Term	Grade	Type
WLDG 1323 - Welding Safety, Tools, and Equipment	Credits: 3				
WLDG 1327 - Welding Codes and Standards	Credits: 3				
WLDG 1428 - Introduction to Shielded Metal Arc Welding (SMAW)	Credits: 4				
Choose One:					
WLDG 1435 - Introduction to Pipe Welding	Credits: 4				
OR					
PFPB 1450 - Plumbing and Pipefitting Equipment and Safety	Credits: 4				

Semester Hours: 14

Second Semester

Course Name	Credits	Substitute	Term	Grade	Type
Choose One:					
EDUC 1300 - Learning Framework	Credits: 3				
OR					
BCIS 1305 - Business Computer Applications	Credits: 3				
WLDG 1417 - Introduction to Layout and Fabrication	Credits: 4				
Choose One:					
WLDG 2406 - Intermediate Pipe Welding	Credits: 4				

OR					
PFPB 1408 - Basic Pipefitting Skills	Credits: 4				
Choose One:					
WLDG 1457 - Intermediate Shielded Metal Arc Welding (SMAW)	Credits: 4				
OR					
WLDG 2489 - Internship - Welding Technology	Credits: 4				
OR					
PFPB 1443 - Pipefitting Fabrication and Blueprint Reading	Credits: 4				
Semester Hours: 15					

Third Semester

Course Name	Credits	Substitute	Term	Grade	Type
ENGL 1301 - Composition I	Credits: 3				
Lang Phil Cult Core - Language, Philosophy, and Culture Core	Credits: 3				
WLDG 1453 - Intermediate Layout and Fabrication	Credits: 4				
Choose One:					
WLDG 1421 - Welding Fundamentals	Credits: 4				
OR					
WLDG 2488 - Internship - Welding Technology	Credits: 4				
Semester Hours: 14					

Fourth Semester

Course Name	Credits	Substitute	Term	Grade	Type
Soc Beh Sci Core - Social and Behavioral Science	Credits: 3				
MATH 1332 - Contemporary Mathematics (Quantitative Reasoning)	Credits: 3				
Choose One:					
WLDG 2453 - Advanced Pipe Welding	Credits: 4				
OR					
PFPB 2433 - Pipefitting: Advanced Fabrication and Installation	Credits: 4				
WLDG 2435 - Advanced Layout and Fabrication	Credits: 4				
• Approved Elective: **Credits 3**					
Semester Hours: 17					
Total Program Hours: 60					

General Electives: Use this section to record general elective courses needed to complete the degree.
